

Quality, environment, occupational health and safety policy

Top management of S.C.A.N. d.o.o. determines the following quality, environment, occupational health and safety policy:

Focus on customer needs and customer satisfaction with work performed are the most important values for S.C.A.N. when measuring and determining its overall performance.

In order to achieve, maintain and enforce those values, we permanently commit to:

- employ professional and ambitious personnel that will be able to continually develop and improve their knowledge and skills*
- acquire the state-of-the-art information and communication resources and other equipment, infrastructure and environment for comfortable work*
- maintain and develop partnerships with respectable engineering companies at home and abroad*
- offer to customers optimal and complete solutions*
- implement solutions that support all the customer requirements and needs*
- offer and provide regular and intervention maintenance services of installed systems to assure maximum availability of processes*
- trace and assure continual alignment to legal and other regulation*
- implement effective occupational health and safety measures and obtain all necessary protective equipment, which will guarantee a high level of health and safety of our employees*
- prevention of material and environmental damage*
- prevention of personal injury*
- preventing accidents*
- continually improve our impact to environment tending that all our activities include elements of environmental protection and energy efficiency*
- take all legally defined measures for treatment and disposal of waste produced during project realization*
- be open for communication with all interested parties in subjects dealing with environment protection, occupational health and safety*
- implement and improve the effectiveness of the integrated management system based on the requirements of international standards ISO 9001, ISO/TS 29001, ISO 14001, OHSAS 18001 and SCCp and strive to exceed the level of those requirements*
- set ambitious, measurable and achievable objectives.*

Each employee of S.C.A.N. must be familiar with this quality, environment, occupational health and safety policy, to understand and accept it as a permanent principle in its own activities.
